FROM THE DIRECTORS

2023 was Manitoba Mutt's 12th year in operation. It has been bittersweet watching the animals we remember as babies grow older, but heartwarming to see the new era of alumni growing.

Thank you for your unwavering support in our mission to rescue and rehabilitate animals in need. Despite the challenges that the last few years have brought, with your support and dedication, we are continually able to expand our reach and save the animals that need saving the most.

We look forward to continuing to work beside you to make an even greater impact on the lives of the animals and the communities we serve.

Thank you for all that you do!

Thank you!

Kind Regards,

Diane Fournier

Did you know?

As of December 31, 2023, our Facebook page had 45,234 followers,
our Instagram page had 27,382 followers,
our TikTok account had 229 followers and 1,825 likes!

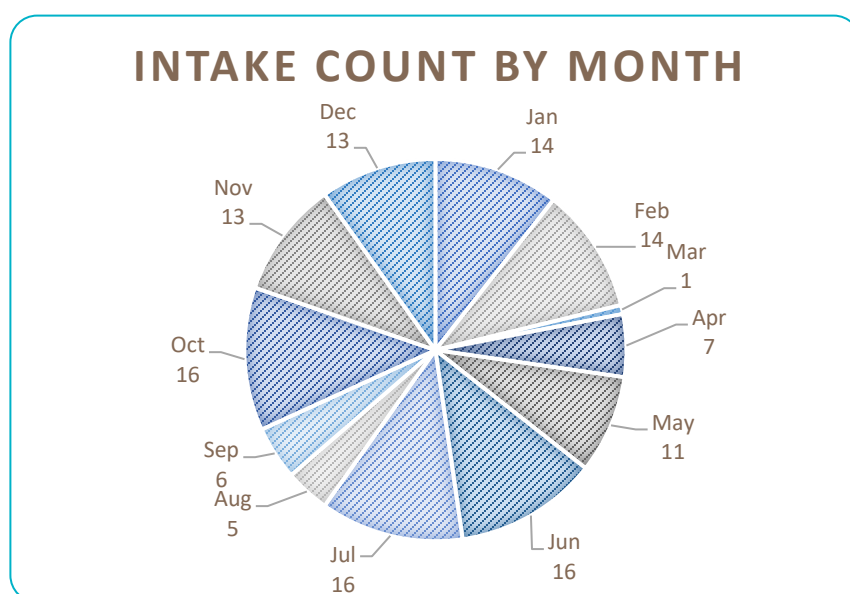

INTAKE

In 2023 we rescued 94 dogs and 38 cats from 25 Manitoba locations: as far North as Thompson and as far South as Rosebank. This year marks the lowest intake counts of all the 13 years of rescue. The next lowest being just last year with 145 dogs and 75 cats.

*Various Inside MB: Altona, Fairford, Oakbank, Red Sucker Lake, The Pas, Beausejour, Garson, Grand Rapids, Poplar River, Red Deer Lake, Rosebank, Sagkeeng, Split Lake, St. Alphonse, St. Theresa Point, Steinbach, and Wasagamack.

Our busiest intake months were June, July and October, bringing 16 new animals into care each month. Our slowest month for intake was March, bringing in only 1 new animal.

FOSTERING

Fostering is a HUGE part of our rescue, without fosters we would have nowhere for the Mutts and honorary Mutts (cats) we save to go. We are ever so grateful to our fosters who open their homes and hearts to a Mutt in need.

We did see the number of foster applications again decrease since the height of COVID in 2020. In 2020, we saw the highest number of foster applications ever (494). In comparison to 2021 which was 204, and in 2022, we received 114 applications. 2023 we saw an even further decline with only 85 foster applications. Unfortunately, the number of foster applications that we are receiving are continuing to trend down alarmingly each year.

Out of the 85 foster applications from 2023, 36 made it through the full application process and were officially signed on. This was compared to 31 homes that signed on in 2022. There are many reasons why applicants don't make it through the process - they don't return the required volunteer forms, their current animals roam free, they end up fostering for another rescue (many apply for multiple rescues at the same time), or life got complicated.

Out of the 36 homes that signed up in 2023, 6 never ended up taking on a foster, 7 fostered 1 or 2 times before they ended up "failing" after which they stopped fostering, 17 fostered 1-2 times in 2023 and have stopped, and 6 of the 36 fosters have fostered in 2024. Thank you to those who are still fostering, to those fosters who have adopted and to those that have stayed on to volunteer with us!!

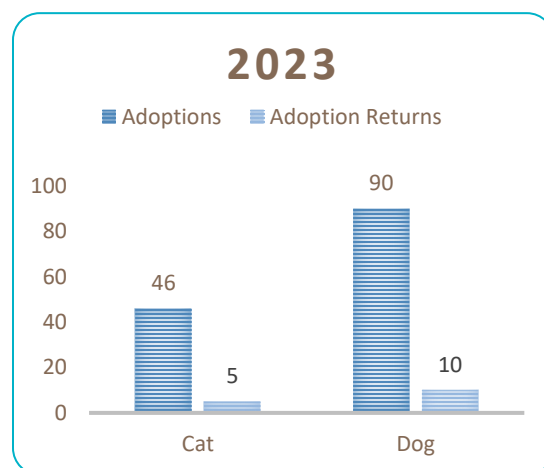

We LOVE and depend
highly on our amazing
FOSTERS!!

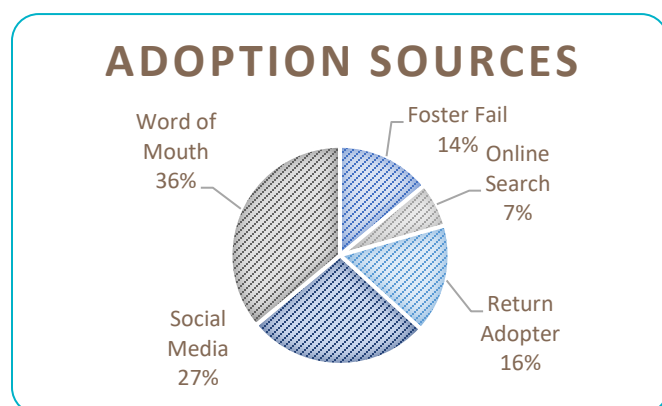

ADOPTIONS

Just like Intake, we saw a record low of adoptions in 2023, only 90 dogs and 46 cats. It is very rewarding to see an animal go from abandoned and unwanted, to loved and cherished, in their forever home.

Occasionally, there are adoption placements that don't work out, so the animals come back into our care. We had 10 dogs and 5 cats returned to foster care in 2023 that had been adopted from 2 days to 8 years.

Reasons included: allergies (3), animal abandoned with family member (1), behaviour issues (2), divorce/separation (1), illness/death in the family (3), resident animals not adjusting (2), unprepared to deal with a new pet (3).

One of the questions on our adoption application is, "Where did you hear about Manitoba Mutts Dog Rescue?". The results of those answers show that word of mouth is our most common adoption source with social media as a close second.

This means our team is doing a great job of making a memorable positive impact on adopters, followers, and supporters!

Get Fixed!

In 2023, Manitoba Mutts can claim responsibility for spaying 73 dogs and 24 cats and neutering 38 dogs and 21 cats.

In just one year, this has prevented an estimated 1,000 additional puppies and kittens and has saved countless lives in the process!

SUPER TROOPERS

There are extreme cases of care and support for ailments such as amputations, parvo virus, mange, heartworm disease, etc. These animals are selected to be featured as our Super Troopers (ST's). Their will to live and our generous community of volunteers and donors save their lives. Along the way these dogs touch the lives of those involved. In 2023 we had 19 Super Trooper cases as compared to last year, in which we had 18 cases.

FUNDRAISING (CONTINUED)

Moolah for Mutts Raffle

We've had liquor and wine as the prizes for the past few years, so we decided to switch it up this year to cash prizes. We sold 3,782 of the possible 5,000 tickets. The total amount brought in from ticket sales was \$7,564 minus the cost of the tickets and the cash payout, our total profit was \$5,632.48.

Merch

We added a few new items to our merchandise line in 2023, such as Ladies v neck shirts, Ladies Baseball Tees, Men's Shirts, Trucker Hats, Crewneck Sweatshirts, Sweatpants and Campfire Mugs. The total amount raised from merch was \$6,989.00.

Manitoba Mutts Dog Rescue Flea(less) Market

The Manitoba Mutts Dog Rescue Flea(less) Market is an auction page that was started on Facebook on October 12, 2014.

The Facebook page features several different items that have been donated to Mutts which are sold via web auction over the course of a predetermined time. Each item is photographed, catalogued, and offered to the public.

In 2023, the Flea(less) Market Auction raised: \$12,890.40 *.

*The numbers represent the total profit as the site does not require any operating costs.

CORPORATE SUPPORT

Mint Self Storage

Mint Self Storage offers us one free unit per month to store our supplies and food. This helps keep our stock organized and free from pesky pests!

Total Storage

Total Storage offers us one free unit per month to store our supplies and food. This helps keep our stock organized and free from pesky pests!

ResQwalk & BarkBox

ResQwalk donated funds when users selected MMDR via their app, unfortunately the program ended in 2023, but we did still benefit. BarkBox sells subscription boxes of dog treats and toys. When a subscription or item is ordered using our Manitoba Mutts code or link, we receive a part of the proceeds. In 2023, we received \$160.43 USD from ResQwalk and \$156.93 from BarkBox.

Manitoba Liquor Control Commission (MLCC) Coin Box Program

Community, charitable and non-profit organizations may apply to place coin boxes for one month in Winnipeg Liquor Mart Stores. Lucky for us we were chosen for the month of August. The total amount raised was \$6,766.80.

Food & Supply Donations

We are so grateful to all the businesses and groups who donate food and supplies multiple times throughout the year to keep our Mutts' bellies full and supplies to help us to take care of them.

Birchwood Animal Hospital, Earth Rated, Nylabone, Pet Valu McPhillips, Petland Kenaston, Petland Polo Park, Plessis Veterinary Hospital, Silver Heights Veterinary Hospital, Smack Dog Food, Southglen Veterinary Hospital, Transcona Veterinary Hospital, and Wooftopia.

SPONSORSHIP

In 2023 we continued offering our sponsorship packages. Northern Diagnostics continues to give us great support and sponsored us again this year. We hope to continually work on improving the packages each year and hope to obtain new and exciting sponsors.

Northern Diagnostics –was a Gold Paw sponsor, at \$1500.

Northern Diagnostics

Ian And Rochelle Laing Family Foundation

We would like to send a HUGE THANK YOU to the Ian and Rochelle Laing Family Foundation for another generous donation in 2023. The animal welfare branch of the Ian and Rochelle Laing Family Foundation provides funds to rescues and shelters to help cover the costs of food and spay/neuter surgeries. Their generous donation of \$10,000 helped MMDR maximize the organization's finances to support the animals in care.

PARTNERSHIPS

We are extremely privileged to be partnered with some very talented people and businesses that help with our everyday rescue needs.

SIVART Productions

Travis is a wonderful photographer whose photo taking talent has enhanced our ability to showcase our adoptables. He lends us his talent for our annual Christmas Fair Photos with Santa.

S.M.A.R.T Dogs

Sammy Mar is our go-to behaviourist for our extreme cases such as dog or human aggression or severe separation anxiety. Sammy runs a boarding kennel and training centre in Teulon that houses these special needs cases until they are ready for a regular foster home setting.

Sprockett's Doggy Day Camp

Sprockett's has continued to support us by providing day care spaces for our fosters that need the extra socialization.

Proud Pup! Dog Training

Alisha Cooke, owner of Proud Pup! Dog Training has graciously offered one-on-one training sessions to our fosters and alumni to help with leash reactivity and other behaviour concerns in the home. Her training tools and advice have been a great asset.

PARTNERSHIPS (CONTINUED)

Grooming

Since our Mutts are strays, they often come into care with matted fur, caked on mud, and a smell all their own. We have some amazing groomers that help clean up our adoptables so they can look, feel, and smell great for their future forever homes. Thanks to Neon Dragon for taking our Mutts from strays to stars!

Veterinarians

We work with quite a few veterinarian offices in and around Winnipeg and we value their expertise and guidance when it comes to the best treatment for our Mutts. Veterinary care is the largest expense for a rescue and thankfully the offices we work with offer a rescue discount for their services.

Our veterinary partners in 2023 included:

Beausejour Animal Hospital, Birchwood Animal Hospital, Bridgwater Veterinary Hospital, Clearspring Animal Hospital, Dakota Veterinary Hospital, Fort Garry Veterinary Hospital, Gimli Veterinary Services, Grand Valley Animal Clinic, Manitoba Animal Eye Clinic via WCVN, McLeod Veterinary Hospital, Morden Veterinary Clinic, Portage Veterinary Hospital, Silver Heights Veterinary Hospital, Southglen Veterinary Hospital, St. Norbert Animal Hospital, Stonewall Veterinary Clinic, Virden Animal Hospital and Winkler Veterinary Clinic!

MMDR BOARD OF DIRECTORS

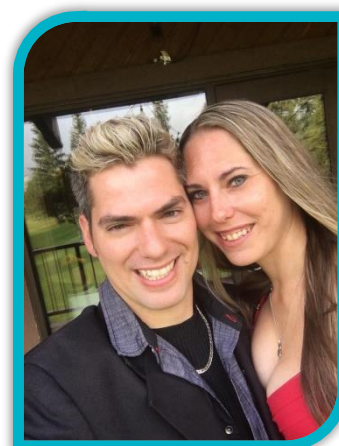

Diane Fournier

Diane started with Manitoba Mutts doing data entry as well as fostering in July 2011. In 2014, she took over one of our most difficult positions, Intake Manager. Diane has worked tirelessly with community contacts all over Manitoba and surrounding provinces to help bring in unwanted animals to give them a better life. In her downtime Diane enjoys being outside with her husband Rob and her 2 boys searching for new adventures.

Maxine McQuarrie

Maxine started out as a Supply House in February of 2012 and was drawn into what an amazing organization Mutts is and was inspired to help more. Between supplies, donations, merchandise, the garage sale, fundraisers, and events she's dabbled in various aspects of the Rescue. She created and has run the Facebook auction group (MMDR Flea(less) Market) since October of 2014 and routinely strives to find new ways to fundraise. When she's not dealing with events, auctions, or routine Rescue duties she likes to spend most evenings at soccer with her husband Michael, 1 alumni dog, and their 2 cats.

Rebecca (Becky) Norman

Rebecca is one of the founders of Manitoba Mutts and has been working hard for the animals ever since. Her compassion and understanding bring immense value to the rescue, along with her strong leadership. Rebecca is extremely knowledgeable when it comes to vet care and the best treatment routes for our Mutts. When not dealing with rescue related duties, she can be found spending time with her husband Tom, 5 beautiful children and 2 adorable dogs.

MMDR BOARD OF DIRECTORS (CONTINUED)

Phoebe Sterdan

Phoebe started volunteering with Manitoba Mutts in June of 2013 as she was looking for a fulfilling way to spend some of her free time. Her volunteer role initially started off with doing online auctions for fundraising and eventually took on larger roles within the rescue. After years of overseeing the Adoption Fair Team, Phoebe has a wealth of information regarding our adoptables, local contacts and fosters. In Phoebe's spare time, she can be found enjoying time with her Alumni Anderson Cooper, daughters Eloise and Claire, and her husband Mark.

Jennifer (Jenn) Taplin

Jenn started out as a foster home for Manitoba Mutts in September of 2011, and her love of animals amplified her desire to do more for the rescue. Her technical knowledge, organizational skills and love for marketing are essential to the operation. When she's not coming up with creative ways to advertise adoptables, or drum up donations, Jenn can be found travelling, or spending time with her husband Freddy, dogs Nevie, Emma, and Keira, cat Oliver, and usually a foster cat/dog or litter.

Mallory Vaughan

Mallory started out as a foster home for Manitoba Mutts in August of 2011 and has been hooked ever since! Mallory is an integral part of the rescue bringing her knowledge of how to respectfully work with rural communities and her non-profit finance proficiency. Mallory's business skill is essential to keep our finance department on track, especially since gaining charitable status. In Mallory's down time she can be found enjoying the company of her alumni Sel, Peaches, and Ben.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Manitoba Mutts Dog Rescue Inc.

Report on the Audit of the Financial Statements

Qualified Opinion

We have audited the accompanying financial statements of Manitoba Mutts Dog Rescue Inc., which comprise the statement of financial position as at December 31, 2023 and the statements of operations, changes in net assets and cash flows for the year then ended and a summary of significant accounting policies and other explanatory information.

In our opinion, except for the possible effects of the matter described in the *Basis for Qualified Opinion* section of our report, the financial statements present fairly, in all material respects, the financial position of Manitoba Mutts Dog Rescue Inc. as at December 31, 2023 and its financial performance and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Basis for Qualified Opinion

In common with many not-for-profit organization, the entity derives revenues from fundraising activities, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, verification of these revenues was limited to the amounts recorded in the records of the entity. Therefore, we were not able to determine whether any adjustments might be necessary to fundraising revenues, excess of revenues over expenses, cash flows from operations, assets and net assets for the year ended December 31, 2023. Our audit opinion on the financial statements for the year ended December 31, 2023 was modified accordingly because of the possible effects of this limitation in scope.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with ASNPO, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the organization's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the organization or to cease operations, or has no realistic alternative but to do so. Those charged with governance are responsible for overseeing the organization's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance

with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO THE FINANCIAL STATEMENTS

MANITOBA MUTTS DOG RESCUE INC

Notes to the Financial Statements

For the Year Ended December 31, 2023

1. PURPOSE OF THE ORGANIZATION

The Manitoba Mutts Dog Rescue Inc. is a volunteer run, non-profit organization based in Winnipeg, Manitoba. The Organization became a registered charity under the Income Tax Act on October 18, 2015. The Organization provides care, maintenance and rehabilitation of stray, abandoned and displaced animals in Manitoba.

2. SIGNIFICANT ACCOUNTING POLICIES

a. Basis of preparation

The financial statements of the Organization have been prepared in accordance with Canadian accounting standards for not-for-profit organizations.

b. Cash and short term investments

Cash and cash equivalents consist primarily of commercial paper and deposits with an original maturity date of purchase of three months or less. Because of the short-term maturity of these investments, their carrying amount approximates fair value.

c. Inventories

Inventory is valued at the lower of cost and net realizable value with the cost being determined on a first-in, first-out basis.

d. Tangible capital assets

Tangible capital assets are stated at cost less accumulated amortization. Amortization is provided using the straight-line method over the estimated useful lives as follows:

Equipment	20%
-----------	-----

The Organization regularly reviews its tangible capital assets to eliminate obsolete items.

The amortization of the tangible capital assets is calculated half of the above mentioned rates for the year of purchase and no amortization is recorded in the year of disposal.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

MANITOBA MUTTS DOG RESCUE INC

Notes to the Financial Statements

For the Year Ended December 31, 2023

2. Significant Accounting Policies

e. Revenue recognition

The Organization uses the deferral method of accounting for contributions under which restricted contributions related to expenses of future periods are deferred and recognized as revenue in the period in which the related expenses are incurred.

Restricted contributions for the purchase of tangible capital asset that will be amortized have been deferred and will be recognized as revenue on the same basis as the amortization expense related to the acquired tangible assets.

Adoption and sponsorship revenue are recognized when there is persuasive evidence that an arrangement exist and collection is reasonably assured.

The Organization recognizes fundraising in the period in which the activity occurs.

f. Use of estimates

When preparing financial statements according to Canadian accounting standards for not-for-profit organizations (ASNPO), we make estimates and assumptions relating to:

- Reported amounts of revenue and expenses
- Reported amounts of assets and liabilities
- Disclosure of contingent assets and liabilities

Management's assumptions on a number of factors including historical experience, current events, actions that the company may undertake in the future, and other assumptions that we believe are reasonable under the circumstances. Actual results could differ from those estimates under different conditions and assumptions.

g. Financial instruments

The Organization initially measures its financial assets and financial liabilities at fair value. It subsequently measures all its financial assets and financial liabilities at amortized cost.

Financial assets subsequently measured at amortized cost include cash and accounts receivable. Financial liabilities measured at amortized cost include accounts payable, accrued liabilities and spay and neuter liability.

3. TANGIBLE CAPITAL ASSETS

			2023	2022
	Cost	Accum. Amort.	Net Book Value	Net Book Value
Equipment	\$ 3,178	\$ 3,178	\$ -	\$ -

4. LINE OF CREDIT

The Organization has an operating line of credit from Casera Credit Union with an available amount totalling \$5,000 bearing interest at a rate of 18%. The line of credit is secured by a general security agreement. As at December 31, 2023 the line of credit is not used.

5. CONTRIBUTED SERVICES AND MATERIALS

The Organization would not be able to carry out its activities without the services of the many volunteers who donate a considerable number of hours. Because of the difficulty in compiling these hours, contributed services are not recognized in the financial statements.

The Organization recognizes contributed materials as revenue and measures them at fair value when the materials would otherwise have been purchased. The materials is used in the normal course of operations and management believes that a fair value can be reasonably determined.
